EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 9-22.

DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 9-22 directed to inventions II and III non-elected without traverse. Accordingly, claims 9-22 have been cancelled.

Allowable Subject Matter

Claims 1-2, 5-8 and 23-31 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

With regard to claim 1: This claim is allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious a thin film interleaver comprising a dual fiber collimator having an optical substrate, a thin film portion applied to the substrate and having a first cavity having a plurality of thin film layers and a spacer for passing a first group of channels in alternating fashion with

respect to a second group of channels that are reflected, a matching layer interposed between the substrate and thin film portion such that the thin film layers of the first cavity are positioned between the matching layer and spacer, an input fiber for receiving a signal of the first and second channels and a reflection fiber for receiving the second channel, in combination with the rest of the claimed limitations.

With regard to claims 2, 5-8 and 23-31: These claims are allowable over the prior art of record because they depend from an allowable claim.
